RE: Supplemental Information Disclosure Statement Filed July 26, 2004

Dear Sir,

On July 26, 2004 Applicants filed a Supplemental Information Disclosure Statement (IDS) in the above-identified patent application. The IDS included a PTO/SB/08 form listing several references, including five pending patent applications. While these patent applications were accurately listed on the PTO/SB/08 form, the serial numbers were omitted from the cover sheet of the submitted copy of each of these five pending applications.

Accordingly, in order to facilitate the Examiner's correlation of the submitted references with the serial numbers, please find enclosed the first page of each of the five patent applications with the corresponding serial number marked thereon.

Respectfully submitted,
